Entering her fourth season as host of MeTV Network's fascinating series *Collector's Call*, Lisa Whelchel (*The Facts of Life*, *Survivor*) continues to be amazed by collectors and their unheard stories in amassing some of the most treasured items across pop culture history. *Collector's Call's* 26-episode Season 4 begins April 2 on MeTV and will air Sundays.

The season kicks off with Whelchel visiting Rich Correll, who has built a successful career as a comedy actor, director and producer, and who took his lifelong passion for horror and collected some of Hollywood's most iconic props and costumes that he now shares at his Icons of Darkness museum in Los Angeles.

"I don't watch horror films, and they do scare me, so I thought, 'I don't know if I'm going to be able to really even kind of appreciate what this is,'" Whelchel shares. She was wrong. "I obviously knew all of the sci-fi and all the fantasy, with *Star Wars* and *Jurassic Park* and *Alien* and *The Terminator*. These are just classics. I actually brought my whole family back over Christmas, and I had no idea that my son and my sons-in-law and my brother were as excited as the kids about going to see his collection in person."

Rich displays hundreds of his favorite pieces for the public to enjoy, including the original raptor from *Jurassic Park* (1993) and the coveted, highly valuable original Xenomorph costume from *Alien* (1979). His collection celebrates movie history from the Universal Monster classics to fun and futuristic hits like *Back to the Future*.

Equally fascinating is Rich's own Hollywood story (he was Judy Garland's neighbor growing up) and how he got into showbiz starring on *Leave It to Beaver* playing Beaver's friend Richard Rickover.

"I have a 10-year-old stepson, and the last couple of years during the pandemic, we watched every season of *Leave It to Beaver* from

the beginning straight through," Whelchel says. "So, we were familiar with Rich's character. To hear that he was the best man at Jerry Mathers' wedding and to hear that his collection started while filming *Leave It to Beaver*, just by getting an old mask out of the trash can outside the property department [on the studio lot], that's why I love this show. The collections are great, but the stories are equally as fascinating."

As always, the show brings in an expert to see if Rich is willing to trade something from his collection. Hollywood memorabilia appraiser and expert Joe Moe assigns the highest ever value in *Collector's Call* history to Rich's collection and brings a remnant of Rich's childhood to offer in trade for an equally rare artifact from *Jurassic Park*. It's a can't-miss episode!

The April 9 episode, "Meet Steve Emerson: Van Halen & Sports," finds Whelchel returning to Flower Mound, Texas, where she lived for some time when her kids were in high school.

"Another great story," Whelchel says, as she was floored by Steve's collection of sports memorabilia. "That was upstairs. And then downstairs, he had this massive Van Halen collection, so we had two for the price of one for that show."

This season also offered Whelchel a special treat, as she's a self-described "gamer."

"People didn't know this about me, but I'm a gamer. And so, we had an amazing pinball machine collector, so that was really fun, because during my lunch break, I just got to play all the pinball machines for free." That episode — "Meet John Pedersen: Pinball Machines" — airs on Sunday, April 23.

Whelchel concludes by reminding us that it's not always about the physical items when it comes to why people collect. "It's also about the relationships and the people that they meet. ... And collectors have definitely found that."

CLOSING THE DEAL

Sarah Snook Sets The Stage For The Final Season Of "Succession."

By Ryan A. Berenz

Last seen, *Succession*'s insanely rich Roy family had a lovely time in Tuscany plotting new and interesting ways to humiliate each other.

Patriarch Logan (Brian Cox) worked out a deal to sell Waystar Royco. This brought Logan's kids Kendall (Jeremy Strong), Shiv (Sarah Snook) and Roman (Kieran Culkin) together to exercise their supermajority powers — granted to their mother, Caroline (Harriet Walter), in the divorce settlement — to block the sale. But Tom (Matthew Macfadyen) tipped Logan off to their plan, and Logan worked out an agreement with Caroline to drop the supermajority requirement. All's fair in love, war and the Roy family.

A last volume is added to the sordid *Succession* saga with the fourth and final season debuting Sunday, March 26, on HBO. Snook tipped us off on what we could see:

Toxic Mix Shiv and Tom's marriage is going to get downright hostile. Shiv is keen to Tom's betrayal, and it might play to her advantage. "It's an interesting dynamic," Snook says. "Have they spoken about it? Has she decided to keep hold of the power? Is that a better sort of high status thing for her to do?"

Playing Politics The presidential election will be at the forefront in Season 4. Could Shiv use her political savvy to transform her brother Connor (Alan Ruck) from an unqualified dark horse candidate into the president of the United States? "In anything, the Roys want to show where their strengths lie," Snook says.

Reality Check After thwarting his kids' plot, Logan said his move was "an opportunity for you kids to get an education in real life." But is a "real life" even possible for them? "I don't think so," Snook says. "I think if they were faced with real, real life — the price of milk and the cost of a bus fare, and having to pay to keep a roof over your head or rent and all those kinds of things — I think it would be pretty shocking for them."

USA Network will debut its new high-stakes outdoor competition series, *Race to Survive: Alaska*, on Monday, April 3 at 11 PM ET/PT. The goal is to endure more than 100 miles of inhospitable Alaskan Coastline with nothing but what these adventurers can carry to claim a life-changing \$500,000 prize. They must use survival and navigation skills to conquer this unexplored terrain. Over the course of six weeks and six races, the eight teams of two will traverse through the harshest landscapes, having to source their own food and water while charting their own path. In each leg of the race, the last team to reach the finish line will be eliminated from the competition.

Hallmark Channel will premiere its new movie, *The Professional Bridesmaid*, starring Hunter King and Chandler Massey on Saturday, April 8 at 8 PM ET/PT. Maggie Bailey (King) has developed an effective skill set for being an extremely beneficial bridesmaid. She uses her talents to help brides navigate the tricky emotional and social dynamics, which come with planning their big day. Her latest client, Alexis Shepard (Francesca Bianchi), is the daughter of Columbus' mayor who is up for reelection. The mayor's team hires Maggie to join the bridal party and help keep everything on track. But no one can know that Maggie is a hired bridesmaid. Henry Whittington (Massey), an ambitious local reporter, hopes to get close to the mayor for a scoop on the pending development of local park land. To pull off her assignment, Maggie must keep Henry focused on the wedding while hiding her identity and trying to coordinate the event with three unhelpful bridesmaids. Add to this, the Hallmark magic of Maggie growing closer to Henry, and we'll need to see how everything works out.

Nat Geo WILD will premiere the new season of *Critter Fixers: Country Vets* on Saturday, April 8 at 9 PM ET/PT. Dr. Hodges and Dr. Ferguson own and operate Critter Fixer Veterinary Hospital and have treated over 20,000 patients. The Invention of the Year

The world's most fun-to-drive and portable mobility device

moves people. Introducing the future of battery-powered personal transportation . . . ***The Zinger.***

Throughout the ages, there have been many important advances in mobility. Canes, walkers, rollators, and scooters were created to help people with mobility issues get around and retain their independence. Lately, however, there haven't been any new improvements to these existing products or developments in this field. Until now. Recently, an innovative design engineer who's developed one of the world's most popular products created a completely new breakthrough . . . a personal electric vehicle. It's called the **Zinger**, and there is nothing out there quite like it.

"What my wife especially loves is it gives her back feelings of safety and independence which has given a real boost to her confidence and happiness! Thank You!"

-Kent C., California

The first thing you'll notice about the **Zinger** is its unique look. It doesn't look like a scooter. Its sleek, lightweight yet durable frame is made with aircraft grade aluminum so it weighs only 47.2 lbs. It features one-touch folding and unfolding - when folded it can be wheeled around like a suitcase and fits easily into a backseat or trunk. Then, there are the steering levers. They enable the **Zinger** to move forward, backward, turn on a dime and even pull right up to a table or desk. With its compact yet powerful motor it can go up to 6

Available in Green, Black and Blue (shown)

miles an hour and its rechargeable battery can go up to 8 miles on a single charge.

With its low center of gravity and inflatable tires it can handle rugged terrain and is virtually tip-proof. Think about it, you can take your **Zinger** almost anywhere, so you don't have to let mobility issues rule your life.

The Zinger folds to a mere 10 inches.

Why take our word for it? Call now, and find out how you can get a **Zinger** of your very own.

5 QUESTIONS with ...

TAWNY CYPRESS

By Barb Oates

It's a chilly day in Vancouver when we connect with *Yellowjackets'* Tawny Cypress, who plays the self-absorbed, complicated Taissa Turner on Showtime's hit series returning Sunday, March 26. Cypress is "freaking excited" because after our interview she's getting a ride to the studio to do an in-person table read with the rest of the cast for the Season 2 finale. Here we drill down and try to get some insights on what's ahead for the 10-episode Season 2.

1. Where do we pick up with your character Taissa for the second season? I believe it's the very next day we start at, so it's not far into the future, and we're going to see Taissa dealing with the fallout of her actions from Season 1 and a little bit more of another side of Taissa coming through. I think you're going to see a very, very different Taissa this season.

2. So what's going on in your basement? [Her dog's head and heart are on an altar!] I think the better question is, I mean, does Taissa know about it? Is it something that she is aware of? And if so, then why? And if not, then why? So that's going to be addressed pretty early on in the season.

3. Speaking of last season, tell us about that epic episode where we saw Taissa in that dirt-digging, dirt-eating frenzy. I would do that scene a million times because that was cake batter and crushed up Oreos. So it was freaking delicious and I was like, "How much can I get in my mouth?" I'm 47, so being under the tree, however, wasn't going to happen all day. I simply cannot crouch under a tree for hours upon hours.

4. Have you ever had a ghostly experience? Not creepy. I will say that before I got this job, I hadn't worked for two years and things were getting tight in my house. And there were a lot of nights when I would wake up and have anxiety and the world on my shoulders, and I would just cry and just worry. And an aunt of mine called me up out of the blue and said, "Your grandmother wants you to talk to her about it." Which is weird because my grandmother's been dead for way over a decade. So when I would wake up with all this anxiety, I would go downstairs and sit at my grandmother's piano and just talk to her. A couple months later, I got this job and it's the greatest job I ever had. So, is that ghostly? I don't know.

5. Growing up, what was the first really scary movie you saw? It was *A Nightmare on Elm Street*. I was in fifth grade. It was awesome. And then that night I had to sleep with my mom. ... And I'll never forget. I was terrified.

HOROSCOPES

By YASMIN BOLAND

Elizabeth Mitchell, an Aries (born March 27), of "Outer Banks"

ARIES (March 21 - April 19)
Your guiding star, Mars, is now cruising through your home and family zone, where it will stay for a while. Thus, you'll benefit somewhat from slowing down a bit and enjoying more of what domestic life has to offer. Remember that success doesn't happen in isolation, it takes a village!

TAURUS (April 20 - May 20)
You don't have to dance to the beat of anyone else's drum. Unless of course, you want to. This week, you'll be reminded of the importance of authenticity. You could be faced with a choice to go down the road less traveled. Do what is right for you, at all costs.

GEMINI (May 21 - June 20)
When it comes to extending yourself in your social circles or being a person of influence, you've got it in abundance right now! Communities and friendships, both old and new, are providing you with opportunities personally and professionally. What you say "yes" to now could set you up for future success.

CANCER (June 21 - July 22)
It's been a while in the making, but Mars has finally arrived in your sign. This energizing influence supports you in deciding what you want to cling to. What's worth your effort and what isn't? Sever ties if you need to. Create a two-year plan and see what happens!

LEO (July 23 - Aug. 22)
You're in a stunning position to be able to make good on life's opportunities. What would make the world open up for you? What would it mean to lead a life of meaning and purpose? What are you passionate about? Whatever ignites your spirit, head in that direction.

VIRGO (Aug. 23 - Sept. 22)
Do you need to get to the bottom of a money matter, but have been avoiding it? Maybe it's about dealing with a fear or phobia you

have about cash? Facing your problems, real and perceived, head on is the only way. You could be in a better position than you think.

LIBRA (Sept. 23 - Oct. 22)
Open and optimistic conversations are highlighted this week. Getting whatever it is that needs to be said, said, either in love or in business, can help you move forward. Discuss the vision for the future and reverse engineer from there. Say what you want and others will rise to meet you.

SCORPIO (Oct. 23 - Nov. 21)
What is life if it is not lived with meaning and purpose? This is what you're encouraged to explore. It's not so much about being in your head about this, but rather, how do you want your life to feel? Decide what you want and the world will conspire with you.

SAGITTARIUS (Nov. 22 - Dec. 21)
There is so much joy to be had this week. Fun, laughter and frivolity are available. Maybe even taking a new relationship to the next level or sparking joy in an existing one. There's no need for complications or expectations. Remember, the simplest things in life are often the best.

CAPRICORN (Dec. 22 - Jan. 19)
You're still getting used to the feel of your star, Saturn, being in a new sign. This week, you'll get the chance to discuss how things are changing and how that makes you feel, especially with a family member or partner. You're not alone, you've got more support than you think.

AQUARIUS (Jan. 20 - Feb. 18)
If you have a dream in your heart, you'll need to realize that few dreams come for free. Everything has to be earned, one way or another. With that in mind, decide what it is you need to work on to ensure success. "Decide and do" is your mission this week.

PISCES (Feb. 19 - March 20)
You might feel as though a weight is now on your shoulders. In some ways it is! You're being asked to be increasingly decisive about what you want. Easy come easy go is not a recipe for success now. Personal responsibility matters. Make a commitment to yourself and you won't regret it!

"General Hospital" Celebrates 60 Years With A Tribute Episode To A Beloved Character, And The Nurses Ball Returns!

General Hospital, TV's longest-running serial currently on the air, is celebrating 60 years of broadcasting excellence. Watch for the show, which debuted on April 1, 1963, to do what it does best — deliver drama against a hospital backdrop — with some very special episodes coming up.

First, the show will pay tribute to the late Sonya Eddy, who played head nurse Epiphany Johnson. Eddy passed away on Dec. 19 following complications from surgery. Yvette Nicole Brown (*Community*), Eddy's offscreen friend, will appear on *GH* on Wednesday, March 29, as a part of the show's tribute episode to the late actress. Details about who Brown will play are being kept under wraps; however, *TV Weekly* hears that the episode is a tear-jerker and will pay tribute to both Eddy and her onscreen alter ego. Epiphany had been fulfilling a lifelong dream by studying to become a doctor.

Watch for Drew Cheetwood to reprise his role as Milo, Epiphany's former boyfriend. "[The] episode was a tough one to film," he shared on Instagram in mid February. "Sonya Eddy lit this world up with an incredible light. She was so many beautiful things to so many people. We'll miss her greatly."

GH is no stranger to airing tribute episodes to late cast members. In 2021, the show wrote in the death of Sean Donely following the death of his portrayer, John Reilly. Late actors Peter Hansen (ex-Lee) and TV wife Susan Brown (ex-Gail) also were honored by *GH* with special episodes.

Also, the highly anticipated Nurses Ball, which brings awareness to HIV/AIDS, is returning to *GH* starting Monday, April 3. The first on-air talent show featuring the *GH* characters dancing, singing and doing other acts occurred in 1994. This is the first year that the Nurses Ball has been fully written into *GH* since 2020 due to COVID.

Traditionally, most of the cast performs in some capacity. Josh Swickard, who plays Chase, arguably has stolen the show twice with renditions of "Feel It Still" (in 2018) and "Something Just Like This" (in 2019). Will he go for a hat trick? Tune in to find out!

Additionally, viewers are in for a treat as fan favorite and Daytime Emmy winner Jane Elliot is returning as Tracy Quartermaine.

The actress has played the role on and off since 1978.

DID YOU LIKE MEREDITH'S FAREWELL EPISODE?

@TVGMMattRoush

Question: What did you think of Meredith's farewell episode on *Grey's Anatomy*? I felt like they could have dialed back the new interns at the party. And they'll have to resolve that Nick phone call off-screen. It was a big yawn. —Jake

Matt Roush: It all felt anticlimactic – especially the party scene, which seemed awfully perfunctory given all the history between these characters – but with a couple of days' distance, I now wonder if they chose this path so it wouldn't seem like an ending to Meredith's story. She's not retiring, and we know she'll be seen again. But if this was intended to be an event, it was a pretty big fail. That said, it was interesting that she didn't score a win in her last surgery, and while the Nick subplot had clichéd romcom vibes, he didn't get the last-minute save at the airport some might have expected. And while Meredith's cold response to his "I love you call" lacked sympathy, it reminds us what her priorities are right now. I mostly agree that this hour shouldn't have been weighted so heavily with the interns. They might be *Grey's Anatomy's* future, but in the present, the show's star deserved a more memorable exit.

CHEERS & JEERS

by Damian Holbrook
TV Guide Magazine

@damianholbrook

CHEERS TO ALL AMERICAN

and its deadly plot twist. A bus crash that killed Taye Diggs' Coach Billy allowed the CW football drama's cast to tackle grief in a sincere, heartbreaking way.

JEERS TO NETFLIX

for killing *Mindhunter*. After three years of radio silence about Season 3, exec producer David Fincher confirmed that the A+ drama starring Holt McCallany and Jonathan Groff (above) as criminal profilers was DOA. Given its critical acclaim, that's *Mind-blowing*.

CHEERS TO WOLF PACK

for unleashing Sarah Michelle Gellar's predatory side. As a dogged arson investigator with ferocious animal instincts on the fangy new Paramount+ thriller, the *Buffy the Vampire Slayer* alum (below) is having a howling good time challenging our expectations.

follow Cheers & Jeers

JEERS TO A MILLION LITTLE THINGS

overspending friends. Did dad-to-be Gary (James Roday Rodriguez, above) say he'd sell his late dad's truck and use the cash to buy the gang season tix for the Bruins? Baby's on the way, dude. Let your pals pay the tab!

Art Nouveau Is New Again

Praise for the
Dancing Iris Collection

"I bought this set of earrings
and matching necklace ... they
are simply beautiful." — W.D.
Pfalzgraff, Tillamook, OR

**Swirls of sparkle are an
ode to art and nature!**

Starting in the 1890s, whiplashes were the graceful, swirling lines that became the hallmark of art nouveau. From paintings to stair railings to brooches, these ornamental S-curves were used to evoke movement in stylized depictions of nature's creations — flowers, trees, insects, even a woman's flowing hair. The motif's ubiquity was short-lived; with the start of World War I, sleek industrial lines began to edge out the flowers and their whiplashes. But during its brief reign, art nouveau marked a triumphant departure from stuffy convention in the art world, and its influence continues to echo in jewelry design to this day.

We're paying tribute to an art movement defined by motion with the Dancing Iris Collection, a necklace, ring and earring set inspired by nature. Showcasing nearly 7 total carats of the Ultimate Diamond Alternative®, DiamondAura®, in yellow gold-finished settings, each piece features glistening

New Joint-Supporting “Miracle Oil” Capsule Delivers Hip, Knee, and Shoulder Comfort in Just Days

Thousands of Americans are rediscovering normal freedom of movement thanks to a “miracle oil” capsule that’s outperforming hemp in promoting joint comfort.

According to the official figures from the CDC, more than 58 million Americans are living with joint discomfort. This epidemic has led to a search for alternative approaches – as many sufferers seek relief without the harmful side effects of conventional “solutions.”

Anti-aging specialist Dr. Al Sears is leading the way with a new formula he calls “the most significant breakthrough I’ve ever found for easing joint discomfort.”

The capsule is based on a “miracle oil” historically treasured for its joint health-supporting properties. Marco Polo prized it as he blazed the Silk Road. And to this day, Ayurvedic practitioners rely on it to promote optimal joint health.

Now, with a modern twist backed by science, Dr. Sears is making this natural solution for joint health available to the public.

Your Body’s Hidden “Soothing System”

Joint health research changed forever with the discovery of the endocannabinoid system (ECS) in 1992. Up until that point, research on cannabinoids focused on psychoactive effects. Now, scientists were looking at a new way to fight occasional aches and pains.

Your ECS serves as a central “signaling system” that tells your body how to react to things you do every day. It controls several critical bodily functions such as learning and memory, sleep, healthy immune responses – and your response to discomfort.

A recent study revealed a direct link between the ECS and creaky, sore joints. Researchers at the University of Edinburgh studied the aging of mice with endocannabinoid deficiencies versus “normal” mice.

As they aged, the deficient mice had a whopping 60% more joint degeneration than the mice with a healthy ECS.

As the name suggests, the ECS responds to cannabis. At the time it was discovered, scientists assumed that was the best way to support it. But thanks to Dr. Sears’ all-natural solution, you can power up your ECS without marijuana.

“Calling it the ‘endocannabinoid system’ was a misnomer from the very beginning,” Dr. Sears explained. “Modern research reveals that you don’t need cannabis to activate this incredible system. You don’t need to ‘get high’ to get joint relief.”

A scholarly review found that plants and herbs that don’t produce mind-altering effects can support the ECS and help it maintain its healthy functions.

The active ingredient in Mobilify soothes aching joints in as little as 5 days

This includes common foodstuffs, such as kava, chocolate, black pepper, and most significantly – the star ingredient to Dr. Sears’ own **Mobilify** formula – frankincense.

Modern scientists say this natural ingredient meets “cannabinoid tetrad” – the signs used to determine if something supports the ECS. While it doesn’t produce a “high” like cannabis does, it binds to the same receptors to support a healthy response to discomfort.

All the Benefits of CBD – Without Cannabis

Indian frankincense, the chief ingredient in **Mobilify**, has been shown to provide all the benefits of cannabis without any feelings of sluggishness or sleepiness.

And studies show that users don’t have to wait long for the comfort they’re looking for.

In a study published in the International Journal of Medical Sciences, 60 patients with stiff knees took 100 mg of Indian frankincense or a placebo daily for 30 days. Remarkably, Indian frankincense “significantly” supported healthy joint function and relieved discomfort in as little as five days.

Additional research linked regular use to lasting comfort.

In another study, 48 participants were given an extract made from frankincense for 120-days. When the results came in, researchers determined the extract strongly supported joint comfort – especially in the knees.

These results were all achieved without marijuana. Research continues to back up the idea that you can support smooth, strong, and healthy joints naturally – without tiredness or sluggishness.

Get Moving Again with Mobilify

Mobilify has already helped thousands of Americans stay on their feet and breeze through their daily activities with ease.

One user even reported getting results the same day it was used.

“**Mobilify** really helps with soreness, stiffness, and mild temporary discomfort,” Joni D. said.

Larry M, another user, compared taking **Mobilify** to living a completely new life.

“After a week and a half of taking **Mobilify**, the discomfort, stiffness, and minor aches went away...it’s almost like being reborn,” he said.

Dennis H. said it helped him get back to his favorite hobby.

“I can attest to **Mobilify** easing discomfort to enable me to pursue my golfing days. Definitely one pill that works for me out of the many I have tried,” he said.
