**"Breaking Bad's" Giancarlo Esposito Takes Us On Another Epic Ride.** By Barb Oates

TV fans will forever be indebted to Giancarlo Esposito for creating one of the most unassuming, chilling villains in TV history for his role as Gus Fring on *Breaking Bad* and its prequel *Better Call Saul*, both ratings juggernauts for AMC. His latest role has been an eight-year journey in the making where he returns to AMC as another memorable character, this time as Gracian "Gray" Parish in the high-octane crime thriller *Parish* (Sundays beginning March 31).

The six-episode series is based on the U.K. series *The Driver* and tells the story of an everyman who, after his son is violently murdered, encounters an old friend (Skeet Ulrich) and returns to old habits from his past criminal life.

"The original show *The Driver* by Danny Brocklehurst was very moving to me, but I wanted to create something a little more soulful," Esposito tells. "I was driven and guided by a lot of my own personal reflection on my life, and I knew that I wanted to make a show about an everyman who was faced with incredible possibilities that just weren't working out. Dream deferred, someone who was just busted and broken, and that everyman who has to somehow rise to become an extraordinary man. So, from my particular

background, having a marriage that failed, four beautiful daughters and not being able to provide for them and going bankrupt was all kind of the fodder for my thoughts and feelings surrounding, infusing Parish with that kind of predicament, dilemma, and heartbreaking situation."

You absolutely feel for Parish — the heartbreak he endures with losing a child, the frustrations of trying to keep your business afloat amid industry change, and the commitment to provide for your family both emotionally and financially when nothing is going your way. Your stomach also turns, and you cringe over some of the decisions he makes.

"I think it's in line with what people need right now," says Esposito of the narrative. "I'm tired of being a passenger in my own life. That's strong stuff. That means you got to stand up and change it and make it different. Now for Gracian Parish, he took the gig and then he saw behind the veil and then he went, 'Oh, oops. What did I do? Uh-oh.' And I love this story for those reasons. He's got to fight his way out and it may take a long time and he's got to do some things that might be, more than likely will be, reprehensible for him to get out."

## A Vision-Impaired Former Detective Gets Creative In Order To Solve Crimes In New CW Drama

The unusual Canadian crime drama *Sight Unseen* (Wednesdays beginning April 3) follows former homicide detective Tess (Dolly Lewis), who is forced to leave her job after being diagnosed clinically blind and begins to help the police department with the help of an agoraphobic virtual assistant (Agam Darshi), while trying to navigate a new world without most of her vision.

"Ninety percent of people who identify as blind still see something, so we wanted to show that perspective," said Karen Troubetzkoy, who cowrote the show with her half sister Niko. "The shooting ended up being multilayered and kind of complex, because there were three different streams of footage, so it was like three times as challenging as we expected."

"I have my own issues with divergence in my sight, so I have a jumping-off point for getting into the character of Tess," Lewis added. "It was a wonderful challenge." — *Zhanna Slor*

## “Collector’s Call” Returns With 26 New Episodes On MeTV

Host Lisa Whelchel (*The Facts of Life*) returns for Season 5 of *Collector’s Call* (Sundays beginning April 7 on MeTV), which will feature 26 episodes, including the show’s milestone 100th installment, slated to air in August.

The popular series explores the rarely seen private collections of the nation’s biggest collectors of pop culture and nostalgia memorabilia. Joining each episode are professional appraisers and experts who value what the prized collectibles are worth, and then try to tempt the collectors with a trade, offering a coveted item that could be the perfect addition to their collections.

Here’s a look at a few Season 5 episodes:

### Sunday, April 7: “Meet Stewart Berkowitz — TV Props/Costumes” (New Jersey)

The season kicks off with a tour of Stewart Berkowitz’s incredible TV props and costumes collection. One of the largest of its kind to be in private hands, it mostly includes fabulous screen-used TV costumes, props and vehicles from the 1960s and ’70s.

There’s Barney Fife’s costume from *The Andy Griffith Show*, both William Shatner’s Captain Kirk and Leonard Nimoy’s Spock costumes from *Star Trek*, Batman hero and villain costumes from the 1960s series, and more.

He told us in a recent interview that he thinks the biggest part of this episode will be showing off an entire onstage set from *The Tonight Show Starring Johnny Carson*. “This was acquired from Johnny Carson himself by another collector who then made it available to me,” Berkowitz explained.

### Sunday, April 14: “Meet Shawn & Gina Sheridan — Horror & Sci-Fi Toys” (Los Angeles)

*Monster Party* podcaster Shawn Sheridan is into horror; his wife, Gina, is all about sci-fi. They display such treasures as *Galaxy Quest* glasses made exclusively for the cult TV-show-within-a-movie’s crew; a production-made Jason mask from *Friday the 13th Part VI: Jason Lives*; and more.

### Sunday, April 21: “Meet Kenneth Guinup — ‘Weird Al’ Yankovic” (Seattle)

Kenneth Guinup isn’t just a lifelong fan of “Weird Al” Yankovic — he’s a collector who has assembled a wild and wonderful range of artifacts, collectibles and one-of-a-kind treasures related to the musician, including Al’s very first EP, an exclusive jacket and more. — *Jeff Pfeiffer*

5 QUESTIONS with ...

JOE MIÑOSO

Of NBC's "Chicago Fire"  
By Jacqueline Carter

When Joe Miñoso landed a role on *Chicago Fire*, he was so thrilled he ran around his apartment, pretending to drive a fire truck.

"Somehow, the most important thing to me was the fact that I was going to get the opportunity to drive a fire truck," he says.

He's been part of NBC's Wednesday drama, currently in its 12th season, since day one. Miñoso says it's been a life-changing experience. "I want it to last forever."

The Bronx-reared Miñoso loves living in the suburbs outside of Chicago, and it was from his house that he answered our "5 Questions."

**1. Tell us about a time when you were starstruck.** It was 2006 or 2007, and I was going to L.A. to see if I could live out there. I despised L.A. at that time. But I arrived at the airport, and I'm fresh out of college. I got business cards with my photo in the pocket of my blazer — I'm wearing a blazer. And I was standing waiting for my bags. John Leguizamo was standing right next to me. How important that man is, especially to the Latino acting movement — he's just such a powerhouse. ... I'm actually very happy that I didn't say anything because it was the wrong time.

**2. Is it true that you, Yuriy Sardarov and Charlie Barnett were roommates as well as castmates?** Yeah! We were filming the pilot, and I said to Charlie, "If this thing goes, let's do the firefighter thing. Let's live together and see what that's like." We found a place together, and we lived together, and then Charlie and I lived together again for the second season. Yuriy very quickly realized that was not going to work for him.

**3. How do you describe your character, Joe Cruz?** Heart on his sleeve, incredibly dedicated family man. Eager to achieve but low self-esteem. He's just one of the most normal human beings you could ever ask to know. He's just upright.

**4. What's a job you had before acting that continues to influence you?** When I worked for Lululemon, they were very big on manifestation and goal writing. I had never done anything like that in my life. My one-year goal was to make my income only based on acting. Then, to be able to play some sort of hero and to have just some kind of long-term arc on some sort of television show. And all of those things came to be within a year.

**5. What's your ideal day?** A quiet morning with a cup of coffee, maybe a little workout, and then 18 holes of golf, followed by a simple, quiet dinner with my wife and then a movie on the couch.

# This Lamp Is A Sight For Sore Eyes!

Last year, my father actually gave up on reading – the eyestrain was just overwhelming. But now, with this lamp, Dad can even read his newspaper again. Thanks for delivering on everything stated in your ads and restoring my father's favorite hobby – reading!"

– Sara H.  
Arlington, Va.

## THE KEEP IT SIMPLE! KIS Lamp

MyLight has combined classic lamp design with a revolutionary light source. The combination delivers exponentially more light for reading or any other task.

### Underlighting is overrated

In your lamps, the new "retrofit" CFL and LED bulbs do not produce the same amount of task light as ordinary bulbs. Just as we've gotten older and our eyesight has declined, **OUR LIGHT HAS FAILED US.**

#### YOU NEED:

- A quantity and quality of light geared to better contrast and clarity for older eyes.
- Less glare in your field of vision

#### Only 32 WATTS

Compare to any lamp at any price.

**SPECIAL OFFER** includes KIS lamp, (5) bulbs, lampshade and LED Dimmer.

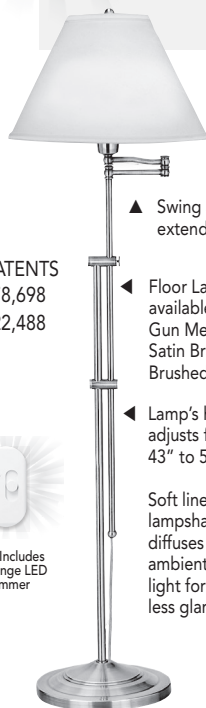

Easy assembly. Lamp column simply screws into the base.

The Lamplight light source focuses light exactly where it's needed.

Table Lamps available in SATIN BRASS (shown) or BRUSHED SILVER

The KIS™ Lamp

▲ Swing arm extends 6".

◀ Floor Lamps available in Gun Metal Satin Brass Brushed Silver

◀ Lamp's height adjusts from 43" to 58".

Soft linen lampshade diffuses ambient light for less glare.

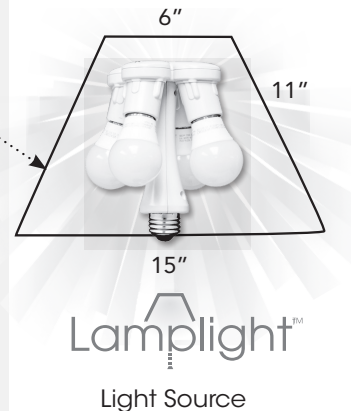

Also Includes full range LED Dimmer

## The first light source designed for lamps

This revolutionary lighting solution will deliver up to 10 times more light than the single bulb you are now using – **for only 32 watts!**

Its patented LED bulb array may appear to be "upside down" – but the 4 bulb spread of light is actually down and out, perfect for task light.

◀ Table lamp height adjusts from 27" to 32"

KIS is also the perfect desk lamp for glare and brightness control.

## Seeing is Believing 100% risk free trial and 3 year guarantee

The patented KIS lamp and Lamplight projects a massive amount of illumination on your reading material. Reader bulbs and all components are unconditionally guaranteed for 3 years.

Take advantage of our 30 day risk free trial and see what you've been missing.

HOROSCOPES

By YASMIN BOLAND

David Oyelowo, an Aries (born Apr. 1), of "Lawmen: Bass Reeves"

now, the big astrological picture is serious and demanding Saturn making you work harder for all your relationships. You get back what you put into love.

**LIBRA** (Sept. 23 - Oct. 22) This is the week to start over with your home and family. If life became tense during the silly season, tell yourself (and close friends and family) "that was then and this is now - and now can be different". A restart is possible with the people who matter most to you.

**SCORPIO** (Oct. 23 - Nov. 21) The sooner you realize that you're creating your life with your thoughts, feelings and words, the better! Don't believe me? Pay close attention now to your expectations about a special someone or something. The more you fear the worst, the more likely you'll get the worst. You can't fool the Universe!

**SAGITTARIUS** (Nov. 22 - Dec. 21) There's a new start coming for you when it comes to cash, property and possessions. So take a moment to make a list of your financial aims and goals for the year ahead. Then make a bullet points about small steps you can take. Come with a plan or leave in defeat!

**CAPRICORN** (Dec. 22 - Jan. 19) You will soon have a chance to start all over again in every part of your life. Expect to feel a rush of new vitality. Be optimistic about the year ahead - the stars are on your side. Thinking positively is key. This really is a turnaround year for you. Claim it!

**AQUARIUS** (Jan. 20 - Feb. 18) Allow allowing fears and worries to overwhelm you this week. Look at what's scaring you and deal with it, rather than going into a spiral. And if there is nothing you can do to change whatever is bothering you, accept that it's a ride to somewhere better. Trust the process!

**PISCES** (Feb. 19 - March 20) So how's your social life? If it could use a boost, that will come soon. Reach out to the people you love - don't always wait for others to reach out to you! And even if things have been a bit upsetting with one friend, change is possible. Prepare to party!

Yasmin Boland is an astrologer, a moonologist and a best-selling *May House* author. For the past two decades she's been mixing astrology with the Divine Feminine, the law of attraction, meditation, sacred, accessible Moon teachings, chakras, chants, angels and more. **Contact Yasmin at [www.yasminboland.com](http://www.yasminboland.com)**

**ARIES** (March 21 - April 19) Stop whatever you're doing right now and close your eyes and imagine your ideal scenario for your working life or whatever it is that you do that you're 'known for' in the coming year. Focus on that this week. Once you're clear on your intentions, you can manifest them.

**TAURUS** (April 20 - May 20) If you can get far, far away from it all this week, it'll do you a lot of good! And if you can't get away, see if you can do something at home that somehow broadens your horizons. It could be meeting someone well-travelled or studying something mind-opening. Seek perspective!

**GEMINI** (May 21 - June 20) Don't worry if you're feeling a big confused at the start of the week. Just go with it. Sometimes we need to live with uncertainty, personal and/or professional. Instead of trying too hard to make a decision, feel your feelings. They will inform your next best move. Be patient with yourself.

**CANCER** (June 21 - July 22) There's powerful new energy around you right now, and it's offering you the chance to create your own romantic 'destiny' (except it's not really destiny, since you're creating it with your thoughts and desires, right?) Tap into it by asking yourself what you want from love in 2024. Love to love.

**LEO** (July 23 - Aug. 22) Once a year you get a chance to start all over again I don't just mean because it's a new year. Rather, the January New Moon will trigger your Daily Life Zone. So how do you want 2024 to play out in terms of routines and timetables? Decide now!

**VIRGO** (Aug. 23 - Sept. 22) It would be a bit rash to promise you a super romantic week. Because even though you have some lovely and romantic stars right

### Night Swim

The pool looks lovely. The crystal clear water, the solitude and the togetherness individuals can experience while enjoying the water. When a family moves into a new house and brings the pool back to life, they are curious why the previous owner hadn't used it for the last 15 years. But what lies beneath the water's surface can terrify. Starring Wyatt Russell, Kerry Condon and Amélie Hoeferle, *Night Swim* will ensure that you play Marco Polo differently this summer. **Rated PG-13** — Available April 9

## CBS Renews "The Young And The Restless" For Four More Years

Soap opera viewers have cause to celebrate these days. CBS has renewed *The Young and the Restless* for four more years, taking it through the 2027-28 TV season. Get ready for more drama with the Abbotts, Newmans, Winterses, and their friends and foes.

"*The Young and the Restless* has been a staple of daytime television for over 50 years, and it is with great pleasure that we will continue that legacy at CBS," Amy Reisenbach, president of CBS Entertainment, said in a statement. "The talented cast and writers deliver compelling performances and stories on a daily basis and have provided iconic moments that have kept the show on top of the ratings and thrilled generations of fans for over five decades."

"I've been coming to this studio for 44 years," Eric Braeden (Victor) shared in an Instagram reel following the pickup announcement. "And, now, we have another four years. How wonderful is that? That's thanks to you — all of you, our loyal fans. "And we will never take any of this for granted," Braeden continued. "In today's world, you can't take anything for granted and in the changing world of media seemingly nothing is permanent. ... Thank you for your loyalty."

"NATAS congratulates *Y&R* on their renewal for an additional four seasons," said Adam Sharp, president and CEO of the National Academy of Television Arts & Sciences. "*Y&R* and the Daytime Emmys celebrated golden anniversaries together in 2023, and it is so gratifying to see the continued passion for daytime television stay so strong."

*Y&R* is averaging 3.5 million viewers this season and has been the No. 1 rated daytime drama since December 1988.

## New Soap "The Gates" Gets Announced

There's more good news for soap fans. Deadline reports that CBS Studios, the NAACP and P&G Studios are developing *The Gates*, a new daytime drama from former *The Bold and the Beautiful* and *General Hospital* writer Michele Val Jean. The show is set to follow the lives and loves of a wealthy Black family in a posh, gated community. No word yet on where the show will fall in the CBS lineup or when it will premiere.

**Question:** This year's Oscar in memoriam tribute was a JOKE! Don't the producers know that we can care less about seeing the dancers and singers? I could not see who was being remembered. —John C.

**Matt Roush:** In my otherwise positive review of the Oscar show, which aired at a blissfully early hour for a change and actually ended on time (if not before), my harshest criticism was of the misbegotten "In Memoriam" segment. Almost no one presents this sort of tribute properly anymore, continually upstaging the names and images of those we lost with too much focus on the performers, but rarely has it been produced as egregiously as this year's, with interpretative dancers filling the stage, distracting the eye from the names we could barely read. (The wall of names at the end was ludicrous enough, but good luck reading it!) I tune in to watch a celebration of movies, and this year's ceremony mostly did that very well and made me want to watch the movies I've so far missed. Except for the "In Memoriam" debacle, which is a more essential element of the show than producers seem to understand, it was a job well done.

## CHEERS TO MICHAEL WEATHERLY

for suiting up and showing up. The beloved *NCIS* alum made an unexpected cameo at the end of the long-running CBS hit's February 19 tribute to the late David McCallum (Ducky). Weatherly brought "a little DiNozzo magic," as he puts it. And it brought us to tears.

## CHEERS TO ACTOR IKE BARINHOLTZ,

who became the first *Celebrity Jeopardy!* player to win a spot in the game show's Tournament of Champions. We'll take "Go, *Mindy Project* scene-stealer" for \$1,000.

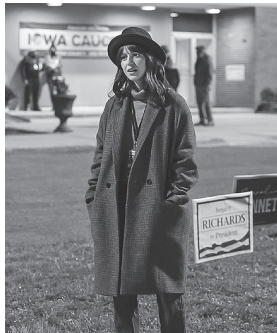

follow Cheers & Jeers

## JEERS TO THE IRRATIONAL

triggering our irrational fear for Rose's (Karen David) safety in that finale twist. Don't you dare hurt Alec's (Jesse L. Martin) love, NBC!

## JEERS TO GIRLS ON THE BUS

for not picking a lane. While star Melissa Benoist will always get our vote, her new *Max* series about the sisterhood of traveling journalists covering an election campaign veers from light comedy to heavy drama so much, we got whiplash.

## 5 Expert Tips for Choosing Incontinence Underwear

By Judith Miller

*Living with bladder leaks can be challenging, but finding the right incontinence underwear can make a big difference in your comfort and confidence. Here are 5 tips that our experts always look for when shopping for better bladder protection:*

**1. Absorbency:** If you tend to have higher absorbency needs, look for “overnight” underwear, whether you plan to use them day or night. Because Market’s Overnight Underwear holds up to 6 cups of liquid, the equivalent of nearly 2 bottles of wine.

**2. Leak guards:** Leak guards are additional pieces of absorbent material that surround the leg cuffs to prevent unwanted leaks. Always look for products with reinforced leak guards.

**3. Skin-friendly materials:** Some incontinence underwear can cause irritation and discomfort, especially for those with sensitive skin. Look for latex-free underwear made from soft, breathable materials. Because Market’s pads and underwear are latex-free and sensitive skin-friendly.

**4. Fit and comfort:** Over 50% of leaks are due to incorrect fit. Look for underwear with a snug, but not too tight fit. Top brands will offer underwear with a range of sizes and fits to ensure maximum comfort. Because Market offers sizes S to XXL.

**5. Price:** Incontinence underwear can be expensive, so consider the price per piece when shopping for the right product. Some brands will even offer a free pack to try.

# Popular CoQ10 Pills Leave Millions Suffering

Could this newly-discovered brain fuel solve America's worsening memory crisis?

**PALM BEACH, FLORIDA** — Millions of Americans take the supplement known as CoQ10. It's the coenzyme that supercharges the "energy factories" in your cells known as *mitochondria*. But there's a serious flaw that's leaving millions unsatisfied.

As you age, your mitochondria break down and fail to produce energy. In a revealing study, a team of researchers showed that 95 percent of the mitochondria in a 90-year-old man were damaged, compared to almost no damage in the mitochondria of a 5-year-old.

Taking CoQ10 alone is not enough to solve this problem. Because as powerful as CoQ10 is, there's one critical thing it fails to do: it can't create new mitochondria to replace the ones you lost.

And that's bad news for Americans all over the country. The loss of cellular energy is a problem for the memory concerns people face as they get older.

"We had no way of replacing lost mitochondria until a recent discovery changed everything," says Dr. Al Sears, founder and medical director of the Sears Institute for Anti-Aging Medicine in Palm Beach, Florida. "Researchers discovered the only nutrient known to modern science that has the power to trigger the growth of new mitochondria."

## Why Taking CoQ10 is Not Enough

Dr. Sears explains, "This new discovery is so powerful, it can multiply your mitochondria by 55 percent in just a few weeks. That's the equivalent of restoring decades of lost brain power."

This exciting nutrient — called PQQ (*pyrroloquinoline quinone*) — is the driving force behind a revolution in aging. When paired with CoQ10, this dynamic duo has the power to reverse the age-related memory losses you may have thought were beyond your control.

Dr. Sears pioneered a new formula — called **Ultra Accel II** — that combines both CoQ10 and PQQ to support maximum cellular energy and the normal growth of new mitochondria. **Ultra Accel II** is the first of its kind to address both problems and is already creating huge demand.

Over 47 million doses have been shipped to men and women across the country and sales continue to climb for this much sought-after brain fuel. In fact, demand has been so overwhelming that inventories repeatedly sell out. But a closer look at **Ultra Accel II** reveals there are good reasons why

sales are booming.

## Science Confirms the Many Benefits of PQQ

The medical journal *Biochemical Pharmacology* reports that PQQ is up to 5,000 times more efficient in sustaining energy production than common antioxidants. With the ability to keep every cell in your body operating at full strength, **Ultra Accel II** delivers more than just added brain power and a faster memory.

People feel more energetic, more alert, and don't need naps in the afternoon. The boost in cellular energy generates more power to your heart, lungs, muscles, and more.

"With the PQQ in Ultra Accel, I have energy I never thought possible at my age," says Colleen R., one of Dr. Sears's patients. "I'm in my 70s but feel 40 again. I think clearly, move with real energy and sleep like a baby."

The response has been overwhelmingly positive, and Dr. Sears receives countless emails from his patients and readers. "My patients tell me they feel better than they have in years. This is ideal for people who are feeling old and run down, or for those who feel more forgetful. It surprises many that you can add healthy and productive years to your life simply by taking **Ultra Accel II** every day."

You may have seen Dr. Sears on television or read one of his 12 best-selling books. Or you may have seen him speak at the 2016 WPBF 25 Health and Wellness Festival in South Florida, featuring Dr. Oz and special guest Suzanne Somers. Thousands of people attended Dr. Sears's lecture on anti-aging breakthroughs and waited in line for hours during his book signing at the event.

## Will Ultra Accel II Multiply Your Energy?

**Ultra Accel II** is turning everything we thought we knew about youthful energy on its head. Especially for people over age 50. In less than 30 seconds every morning, you can harness the power of this breakthrough discovery to restore peak energy and your "spark for life."

So, if you've noticed less energy as you've gotten older, and you want an easy way to reclaim your youthful edge, this new opportunity will feel like blessed relief.

The secret is the "energy multiplying" molecule that activates a dormant gene in your body that declines with age, which

**MEMORY-BUILDING SENSATION: Top doctors are now recommending new Ultra Accel II because it restores decades of lost brain power without a doctor's visit.**

then instructs your cells to pump out fresh energy from the inside-out. This growth of new "energy factories" in your cells is called mitochondrial biogenesis.

Instead of falling victim to that afternoon slump, you enjoy sharp-as-a-tack focus, memory, and concentration from sunup to sundown. And you get more done in a day than most do in a week. Regardless of how exhausting the world is now.

Dr. Sears reports, "The most rewarding aspect of practicing medicine is watching my patients get the joy back in their lives. **Ultra Accel II** sends a wake-up call to every cell in their bodies... And they actually feel young again."

And his patients agree. "I noticed a difference within a few days," says Jerry from Ft. Pierce, Florida. "My endurance has almost doubled, and I feel it mentally, too. There's a clarity and sense of well-being in my life that I've never experienced before."
